LỜI CHÚC TỪ THẦY CÔ GIẢNG VIÊN

The First Believers

Dear Class of 2026. Congratulations—you made it!

For the past few years, VinUni has been a safe place to learn, grow, experiment, make mistakes, and discover who you are. The world beyond VinUni may not always be as nurturing, forgiving, or supportive. Be ready for that. Embrace it. Be resilient. That's where some of life's greatest lessons and opportunities await. As you step into this next chapter, be courageous, stay curious, and never stop learning. Most importantly, remember that you are never alone. VinUni will always be part of your story, just as you will always be part of ours. Stay connected, stay in touch, and come back often. We can't wait to see the impact you will make on the world.

Congratulations, and go make your mark!

Today, you graduate as doctors. While you may feel proud of this achievement now, in the years ahead you will come to truly appreciate both the responsibility and the privilege of holding an MD degree. This degree represents far more than academic success. It reflects your hard work, perseverance, and the support and sacrifices of those who have stood beside you throughout this journey. It is something that will continue to make you and your family proud for many years to come. Although today marks the end of medical school, it is really the beginning of a more meaningful journey. Ahead of you is a life dedicated to caring for others. Many of the people you help will be complete strangers, yet you will have the opportunity to make a lasting difference in their lives through your knowledge, compassion, and service. Congratulations to all of you. I wish you every success in your residency and specialist training. May your careers be filled with purpose, fulfillment, and the joy of helping others.
